

Government of Western Australia North Metropolitan Health Service Women and Newborn Health Service

## **Click here for Neonatal Medication Guidelines**

## Note:

In December 2021, a new Women and Newborn Health Service (WNHS) website launched. As a result, hyperlinks within guidelines are in the process of being updated.

As a temporary measure, click the link above to navigate to the Neonatal Medication Guidelines contents page in order to locate individual guidelines.

This place card was created 14/02/2022
